Dear Mrs. Manley:

I am writing to suggest that you attend the public hearing of the appeal before the zoning Board. The date is set for April 26 at 2:30 P.M. Room 1019 City Hall Annex. I have already spoken to Mr.

Pletcher and he thinks you should be there also. It is necessary that you bring the sale agreement with you. If

(3)

would rent the apartments.
I dropped the hint that I
thought the apartments would
be rented to such people as
Bell Telephone supervisors, etc.

So I think if you are at the
hearing and some of the residents
are there also it will help
a lot. The contractor I mentioned
will fix it so that the Board
will pass the appeal if there
are not too many objections from
the residents.

I hope the baseball
team is shaping up well.

Yours truly,
Geo. B. Billingslea

(over)

you find out that you are
unable to come kindly send
me the agreement of sale, so
that I may present it to the
Board.

Since I posted the
zoning notice on the property
I have received two calls from
people in the neighborhood.
I have handled both with
care and I find ~~that~~ their
main objection is what
type of people are going to
live in the house. Both were
very nice especially the man
next door, who would be willing
to sell his side. I think the
main thing they wanted to know
was whether or not colored people

If you are coming down
call me Wednesday and I will
take you to the hearing
